

SAP recognizes

Sushil Kumar Sahoo

is certified as

SAP Certified - SAP Fiori Application Developer

This certification verifies that you possess the required skills in the area of SAP Fiori application development as it pertains to the Frontend Developer profile. This certification builds on the basic knowledge gained by a developer from formal SAP Learning training and preferably refined by practical experience within a SAP Fiori application development project team in a mentored role. This is an entry level certification.

Issued on: May 30, 2026

Expires on: May 31, 2027
